

Precautionary Measures Against COVID-19 at OCA TOKYO

In accordance with the latest guidelines from the Japanese Government and local health authorities regarding COVID-19, OCA TOKYO will implement the following infection prevention measures in consideration of the safety and health of all members, guests and staff.

【Measures to prevent the spread of infection】

- Managing staff's physical condition thoroughly (temperature check, presence of sick people, etc.) and promoting vaccination.
- Staff should always wear masks, wash their hands and gargle frequently, and practice etiquette when coughing.
- Maintaining a physical distance between seats.
- Installation of alcohol disinfectant in the building and appropriate sterilization of furniture and fixtures
- Appropriate ventilation through air conditioning in the building.
- Compliance with Tokyo Metropolitan Government and local health authority guidelines during event planning and operation.

【For Members/Guests】

- We ask for your cooperation in taking your temperature and disinfecting your hands when you enter the facility.
- If your temperature is over 37.5 degrees Celsius or are feeling unwell on the day, you may not be allowed to use the facility.
- Please wear a face mask and refrain from talking in the elevator.

Thank you for your cooperation.
